DA2: Assignment 1

Abduvosid Malikov

29 November

Introduction

This is the Assignment 1 for `Data Analysis 2` course. The aim of this project is to analyse the pattern of association between *registered COVID-19 cases* and *registered number of death* due to COVID-19 on 10-31-2020. As a source, covid-19 data from CSSE[1] was used.
